

dip net or throw net.

- Salvage seining of non-game fish for personal use is permitted only with written permission of the Conservation Department.
- Privately owned boats, including belly boats and tubes, are not permitted on the area. Only Department owned boats may be used and only for fishing. Only electric motors are permitted. An approved flotation device is required for each person in a boat.

### Hunting and Trapping

*Area is open to hunting under statewide regulations, except as further restricted by the following special regulations:*

- Hunting may be restricted on designated portions of the area, including shooting ranges, residences, work areas, and other public-use or service areas.
- Firearms firing single projectiles are prohibited except during special hunts.
- Dove hunting is permitted only by managed hunt during the first seven (7) days of the dove hunting season, except that dove hunting is prohibited on Labor Day and the weekend immediately preceding. Shooting hours are from 1:00 p.m. to sunset for the entire season.
- Use or possession of lead shot is prohibited for hunting doves at James A. Reed MWA.
- Dove hunters must possess a valid area daily hunting tag while hunting and must accurately report their harvest immediately upon completing their hunting trip.
- Rabbits, squirrels and crows may be taken between

sunrise and sunset from December 1 through the end of the statewide season by holders of a valid area daily hunting permit.

- Deer and turkey hunting is permitted only during managed hunts. See Deer & Turkey regulations.
- Quail hunting is prohibited except during special hunts.
- Furbearer hunting may be authorized by Special Use Permit, except furbearers may be taken during managed deer hunts that coincide with the prescribed furbearer season using methods allowed for deer by participants holding a valid managed deer hunting permit and the prescribed permit for taking furbearers.
- Trapping of furbearers is allowed only with a Special Use Permit.
- Waterfowl may be hunted by reservation only by holders of a valid area daily hunting tag on designated days and only in designated areas. Contact area office for more information.

(Regulations are from the Wildlife Code of Missouri and selected statutes of the State of Missouri. Special area regulations are in Chapter 11 of the Wildlife Code. A free printed copy of the Wildlife Code, which lists most area regulations, is available from the Conservation Department. Chapter 11 in its entirety is available at [www.sos.mo.gov/adrules/csr/current/3csr/3csr.asp](http://www.sos.mo.gov/adrules/csr/current/3csr/3csr.asp).) Equal opportunity to participate in and benefit from programs of the Missouri Department of Conservation is available to all individuals without regard to their race, color, national origin, sex, age or disability. Questions should be directed to the Department of Conservation, P.O. Box 180, Jefferson City, MO 65102, (573) 751-4115 (voice) or 800-735-2966 (TTY), or to the U.S. Fish and Wildlife Service Division of Federal Assistance, 4401 N. Fairfax Drive, Mail Stop: MBSP-4020, Arlington, VA 22203.

# James A. Reed

## MEMORIAL WILDLIFE AREA

MISSOURI DEPARTMENT OF CONSERVATION

## About This Area

The James A. Reed Memorial Wildlife Area is located in Jackson County, south of Highway 50, near Lee's Summit. This wildlife area was established in 1952 when Mrs. Reed donated 731 acres of land to the Missouri Department of Conservation, in memory of her husband, Senator James A. Reed. Additional tracts were purchased using federal monies and Department funds to bring the area to its present 3,084 acres. Development of the area and lake construction began in 1957. Over 250 acres of water have been impounded to form 12 lakes, ranging in size from one to 42 acres. Most lakes contain largemouth bass, channel catfish, crappie, bluegill, green sunfish, redear sunfish and bullheads. Striped bass hybrids have been stocked in several of the lakes. The area also has numerous small ponds. Woodlands, native grass plantings, shrub plantings and crop fields are managed to provide year-round food and cover for wildlife. The area also supports good numbers of deer and turkey. This wildlife area was acquired, developed and is managed in part through the Dingell-Johnson Sport Fish Restoration Act and the Pittman-Robertson Wildlife Restoration Act administered by the U.S. Fish and Wildlife Service.

## Recreational Opportunities

Fishing – Hunting – Hiking – Bird Watching – Outdoor Photography – Picnicking – Bicycling  
*Area Hours: 6 a.m. to 7 p.m. daily, except during daylight savings time (second Sunday in March to the first Sunday in November) area hours are 6 a.m. to 10 p.m. Hours are subject to change during special hunts or as otherwise posted. Kansas City Regional Office hours are from 8 a.m. to 5 p.m. Monday – Friday, closed holidays.*
